Updated 1/3/17

Hybrid classes: The final exams should be given on the day that a regular class would meet, so the exam may be given on a different day but at the same time. This will keep the hybrid classes from breaking into other exam times. Example - hybrid class meets at 1:00 on Wednesday but the final should when a MWF 1:00 class tests, which is Monday.

Weekend Class Times: By arrangement with instructor during finals week

Web Class Times: By arrangement with instructor during finals week

Policy for Students With Three or More Final Exams on the Same Day

Students with three or more final examinations on the same day are entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Such arrangements must be made by the end of the twelfth week of the semester (last day to drop full-semester course), and must be approved by the instructor and department head/program director of the affected course. Students will be required to provide evidence of these situations to qualify for this exception. Once approved, the make-up examination will be administered at a mutually acceptable time and location.
